

DRESSING TABLE

Stock number: 790X-90

Thank you for purchasing this product. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product.

Pre-assembly preparation

Please ensure instructions are read in full before attempting to assemble this product.

Necessary Tools: Pozi screwdriver and Phillips screwdriver

(Included)

Please check the pack contents before attempting to assemble this product. A full checklist of components is given in this leaflet. If any components are missing, please contact the retailer from whom you bought this product.

This product takes approximately **30 MINUTES** to assemble with **2 PEOPLE**.

All assembly should be performed on a flat, stable, clean and soft surface.

This product is **HEAVY**, it should be assembled as near as possible to the point of use. **TAKE CARE WHEN LIFTING** to avoid personal injury and (or) damage to the product

The fitting pack contains **SMALL ITEMS** which should be **KEPT AWAY FROM YOUNG CHILDREN**.

IMPORTANT: Retain these instructions for future reference.

Fittings and parts checklist

Item	Description	Qty.	Item	Description	Qty.
1	Left leg frame	x 1	3	Drawer box unit	x 1
2	Right leg frame	x 1			
A	Steel dowel Ø7x52 mm	 x 4	F	Round head bolt M4x30mm	 x 2
B	Grub screw M8x8mm	 x 4	G	Cam lock Ø15x12.5mm	 x 2
C	Hex head bolt M6x25mm	 x 8	H	Cam screw Ø7x44.5mm	 x 2
D	Allen key M4x30x110mm	 x 1	J	Housing Ø15X 13.5mm	 x 4
E	Handle (Option)	 x 2			

Step by step assembly instructions

Step 1 : Pull out the drawers as shown.

Step By Step Assembly Instructions

- Step 2**
- 2.1: Lay all parts on a flat, stable, clean and soft surface.
- 2.2: Attach 4x steel dowels (A) and 2x cam screw (H) into left & right leg frames (1) & (2) by screwing fittings (A) into the inset fittings that are located inside parts (1) & (2) as shown. Use a pozi screwdriver to turn fittings (A) clockwise to fix.

Fitting

A x 4

H x 2

Step By Step Assembly Instructions

Step 3

- 3.1: Attach 2x Housings (J) into drawer box unit (3) as shown.
 3.2: Attach right leg frame (2) onto drawer box unit (3) as shown. Ensure steel dowels (A) are aligned correctly with the holes of mating parts before attaching.
 3.3: Secure part (2) to part (3) by screwing 2x grub screws (B) into the inset fittings that are located on both ends of part (3), using 4x hex head bolts (C) and 1x cam lock (G) as shown. Use a pozi screwdriver to turn fittings (G) and allen key (D) to turn fittings (B), (C) clockwise to fix.

Fitting

B x 2

C x 4

D x 1

G x 1

J x 2

Step By Step Assembly Instructions

Step 4

4.1 Attach 2x Housings (J) into drawer box unit (3) as shown.

4.2: Attach left leg frame (1) onto drawer box unit (3) as shown. Ensure steel dowels (A) are aligned correctly with the holes of mating parts before attaching.

4.3: Secure part (1) to part (3) by screwing 2x grub screws (B) into the inset fittings that are located on both ends of part (3). Use a allen key (D) to turn fittings (B), (C) clockwise to fix.

4.4: Secure part (1) to part (3) and using 4x hex head bolts (C) and 1x cam lock (G) as shown. Use a pozi screwdriver to turn fittings (G) to fix.

Fitting

B x 2

C x 4

D x 1

G x 1

J x 2

Step 4.2

Step 4.1

Step 4.3

Step 4.4

Step by step assembly instructions

- Step 5** 5.1: Stand the unit upright.
5.2: Push in the drawers as shown.

Step by step assembly instructions

Handle option:

- 1.1 : Pull out the drawers as shown.
- 1.2 : Remove the handles from drawers front by using a screwdriver to turn round head bolts counterclockwise as shown.
- 1.3 : Attach 2x handles (E) to the front of the drawers using 2x round head bolts (F) as shown. Use a screwdriver to turn fittings (F) clockwise to fix.

Fitting

E x 2

F x 2

Step 1.2

Step 1.3

Care and Maintenance

Wood Furniture

Wood displays different grain patterns depending on which way they are cut - for example, the 'medullary ray' which can appear on oak furniture is a mark of good quality timber - these are just characteristics of the natural beauty of the wood.

Some furniture is also deliberately aged and rustic.

Wood veneers also allow distinctive patterns to be created on some surfaces, such as table tops and drawer fronts by the way slivers are arranged.

All timber and veneer surfaces will change colour and mellow over time. New furniture will initially vary in shade from items that have been previously purchased.

How to care for your wood furniture

Dust with a clean, damp, lint free cloth. Frequent dusting will remove abrasive build up, which can damage the finish over time.

Do not use a very wet cloth or allow any liquid to contact with the veneers for a long period of time as this can permanently damage the surface. Wipe up spills immediately.

Do not use any abrasive cleaner or harsh detergent as this can damage the surface of the furniture.

Spray polishes are best avoided as they contain silicones which may spoil the furniture's surface when building up over time.

Make sure all surfaces are protected from heat and liquids by mats and coasters.

Ensure that a mat or pad is placed under paper when you are writing on the furniture surface.

Do not place rubber, cork, vinyl or plastic materials on the wood finish as chemicals within may react with the finish if left in contact for an extended period of time.

Our furniture will endure most temperatures in the home but it is best to avoid placing furniture next to heat sources such as radiators or fires. Be particularly careful with solid wood as the lack of humidity caused by home heating can cause damage such as warping, cracking or splitting.

Excessive exposure to sunlight can cause fading of your furniture.

Avoid exposing your furniture to any liquids. All liquids should be wiped up immediately with a soft, slightly damp cloth in the direction of the wood grain. If sticky liquid residues do occur, they may be removed with a dilute solution of warm soapy water followed by a clean, damp sponge. The area should then be wiped immediately in the direction of the wood grain with a clean, soft white cloth until completely dry.

Nail polish remover, hairspray, perfume, potpourri & any other products that contains solvents can damage wood upholstery finishes.

Safety Instructions:

Never drag furniture when moving it. Always lift it.

Periodically check all fixings to ensure none have come loose. Re-tighten when necessary.

Please take care when handling or moving the furniture as careless handling may cause damage or injury.

Furniture can be dangerous if incorrectly assembled. Assembly should be carried out by a competent person.

No liability will be accepted for damage or injury caused by incorrectly installed or assembled furniture.

Heavy item warning:

It is recommended to seek assistance when moving a heavy object. Take care when lifting to avoid personal injury and (or) damage to the product.

It is recommended that before moving a heavy object to a new location it is completely dis-assembled to avoid personal injury or damage to the furniture. Please be careful to retain all fittings when doing this.
